IKARI WARRIORS

General Alexander Barr, C.I.F. US forces in Central America, has been seized by a band of revolutionaries and held captive in his own headquarters. Before he can escape he must capture a rebel who you and your buddy picked up.

Your plane crashlands in the dense jungle some distance from the headquarters. After deciding whether to go it alone or attempt the rescue together you set off. You are equipped in jungle terrain. On all sides gather trained machine-guns and combatants, determined to stop you. It soon becomes apparent that you lack the supplies to win, but win through your skill.

Ambush enemy tanks and use them yourself. Collect fuel and grenades left by the enemy as they retreat. Use no money, for you are the last man.
